Nova Pro Vesa

T2750

FEATURES AND BENEFITS

Ergonomic Handle & Cord Wrap

Ergonomic handle with slender design uniquely placed for easy push-and-position.

Vesa Bracket

Can withstand monitors up to 3.5lbs without compromising stability. Anodized aluminum, fully wipeable, medical grade.

Best-in-Class, Durable Materials

Anodized Aluminum, Powder-Coated Aluminum, Cyclopol Plastic, fully wipeable and approved in Operating Rooms.

Customization

Customize your cart with Branding Options and 40+ Accessories.

Concealed Cable Management

Cable management channel allows for discreet and uninterrupted charging. Large utility box can house power cable receptacles or other power components.

Base & Casters

4-Wheel base balances the need for stability with a small footprint. Complete with premium, quiet, non-mark and locking casters, this cart is ready to roll or stay in a locked position as you need.

Quality & Services

5 Year Limited-Warranty, ISO 9001:2015 Certified, Tip Resistant as per IEC 60601, and Remote Expert Support.
